

BC HOCKEY BULLETIN

ISSUE #: 2016-024

July 14, 2016

TO: BC Hockey Membership

FROM: Barry Petrachenko
Chief Executive Officer

SUBJECT: Participant Injury Reports

As we begin another season, the following procedures relating to participant injuries should be noted and reviewed with the appropriate person(s) in your association.

- All injury reports must be submitted to the BC Hockey office within **90 days** of the incident on a [Hockey Canada Injury Report Form](#). If this form is not received within 90 days the claim will NOT be processed.
- Invoices and / or receipts can be submitted at a later date following the original report – payment on the claim may be affected if the claim is received after the above mentioned 90 day period. Receipts and invoices can be submitted up to 52 weeks after the date of the injury.
- If due to the age of the covered member, dental development is not sufficient to permit treatment within 52 weeks, a report from the dentist or dental surgeon is required within 90 days of the date of accident stating pertinent facts as to the damage. On receipt of a satisfactory report the incurred expenses will be paid subject to a maximum future treatment limit of \$2,500.
- **Hockey Canada is a secondary insurer.** If a participant has extended benefits or other insurance, request for payment must be filed with the extended benefits or other insurance prior to any reimbursement being made from Hockey Canada. Any coverage statements from the participant's extended benefits or other insurance should be forwarded to the BC Hockey office along with the invoices and receipts.
- If the family does not have extended benefits or other insurance coverage and the participant is a resident of Canada with provincial coverage, then coverage is in place for services such as ambulance transportation, prescriptions, crutches, collars, and physiotherapy treatments after the provincial medical coverage has been exhausted.
- Out of country players must purchase separate primary medical insurance for participation in Canada in order for the Hockey Canada Insurance Program to be in effect.
- As with other insurance carriers, the Hockey Canada Insurance Program has coverage limits. For further information regarding coverage limits, please refer to the [Safety For All/Safety Requires Teamwork](#) hanbook.

- Regardless of the severity of the injury, a Hockey Canada Injury Report Form must be completed and submitted. This applies to all situations, including those where no corresponding monetary claim will be submitted.
- Please keep copies of all documentation you forward to BC Hockey.
- Forms **MUST be completed in full** with the following information:
 - Name and address including postal code and telephone number
 - Date of birth
 - Date of injury
 - Type of injury and nature of condition
 - Whether the injury took place at a Hockey Canada sanctioned activity
 - Name of Association and team
 - Description of accident
 - Signature of team official
 - Signature of parent / guardian (under 18 years of age) or signature of participant (18 years of age or older)
 - Primary insurance information
- Incomplete forms will NOT be processed. They will be sent back to the team's Risk Manager for additional information.
- Please attach additional physician's and / or dentist's statement and / or letter to the form if more space is required or more details of the injury need to be provided.
- All invoices and / or receipts attached or following the original injury report must be itemized, so please check invoices and receipts carefully before sending them to the BC Hockey office.
- Please make sure the injured individual's name is on all correspondence.

If you have any questions or require assistance completing the Hockey Canada Injury Report Form, please contact the BC Hockey office at injuryclaims@bchockey.net.
